

SOLOMON ISLANDS UPDATE

A VEHICLE, A BUSINESS & AN OPPORTUNE VISIT

John has begun to raise funds for a vehicle which is a real need for him and his family and the mission work on Malaita. We have invested \$2000 from the money given by the church family towards this and John is now buying and selling Kava to generate funds.

If you are keen to specifically donate to this project, please let us know.

Also, the MP for East Malaita (for the past 14 yrs) stopped as he passed the Redemption Centre earlier this year and spoke with John, asking what he was doing and saying how impressed he was by the building. He invited John to parliament (turns out he is Deputy Prime Minister) and asked John to share the whole story of how it all began. John was able to give testify of how God, through the RSE Program, connected him to brothers and sisters in Christ in NZ who have supported his heart for reaching the people of the Solomon Islands with the Gospel (spiritually and practically).

The minister just kept saying "That's amazing, that's amazing!". He then went on to tell John he would authorise funds for the remaining work at the centre (toilet block, water tank etc). John said the MP is a local man who is honest and humble. Let's be praying into this as things are really moving over there, praise God!

POINTS OF PRAYER & CONTRIBUTION :

Vehicle for John
Deputy Prime Minister
visit (Solomon Islands)
